Independent Auditors' Report

To the Board of Directors of
Children's Advocacy Center of Collin County, Inc.

We have audited the accompanying financial statements of Children's Advocacy Center of Collin County, Inc., which comprise the statement of financial position as of June 30, 2016, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Children's Advocacy Center of Collin County, Inc. as of June 30, 2016 and the changes in its net assets and its cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

Prior Period Financial Statements

The financial statements of Children's Advocacy Center of Collin County, Inc. as of and for the year ended June 30, 2015 were audited by other auditors whose report dated September 10, 2015 expressed an unmodified opinion on those statements.

Notes to Financial Statements

1. Organization

Children's Advocacy Center of Collin County, Inc. (Center), a Texas non-profit organization, is classified by the Internal Revenue Service (IRS) as tax-exempt under Section 501(c)(3). The Center serves the Collin County, Texas area by providing quality advocacy, intervention and therapeutic services to victims of child abuse and their families. In addition, the Center supports and promotes actions to prevent child abuse. The Center operates on contributions received from individuals, businesses and civic organizations, and from special fundraising events. The Center also receives governmental grants, some of which are passed through national and state advocacy centers.

2. Significant Accounting Policies

Basis of Accounting and Financial Statement Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified as follows:

Unrestricted net assets - Net assets not subject to donor-imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of the board of directors.

Temporarily restricted net assets - Net assets subject to donor or grantor stipulations that will be met by actions of the Center and/or the passage of time.

Permanently restricted net assets - Net assets subject to donor-imposed stipulations that will never lapse, thus requiring the funds to be maintained permanently by the Center. Generally, the donors of these assets permit the Center to use all or part of the income earned on related investments for general or specific purpose. The Center had no permanently restricted net assets as of June 30, 2016 and 2015.

Revenues are reported as increases in unrestricted net assets, unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses are reported as increases or decreases in unrestricted net assets, unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

Children's Advocacy Center of Collin County, Inc.

Notes to Financial Statements

Contributions with donor-imposed restrictions that are met in the same year as the contributions were received are reported as unrestricted net assets.

Credit Risk Concentrations

Financial instruments which are potentially subject to concentrations of credit risk consist principally of cash and cash equivalents, investments, grants receivable and unconditional promises to give. The Center places cash and cash equivalents, which at times may exceed the federally insured limits, with high credit quality financial institutions to minimize risk. As of June 30, 2016 and 2015 the uninsured amounts totaled \$151,728 and \$226,657, respectively. The Center has not experienced losses on such assets.

The Center's investments are subject to various risks, such as interest rate, credit and overall market volatility risks. Further, because of the significance of investments to the Center's financial position and the level of risk inherent in most investments, it is reasonably possible that changes in the values of the investments could occur in the near term and such changes could materially affect the amounts reported in the financial statements. Management is of the opinion that the diversification of its invested assets among the various asset classes should mitigate the impact of changes.

Unconditional promises to give are unsecured and are due from various donors. Grants receivable are unsecured and are due from various grantors. The Center continually evaluates the collectability of unconditional promises to give and grants receivable and maintains allowances as necessary.

At June 30, 2016 and 2015 approximately 78% and 73%, respectively, of grants receivable were due from two agencies.

The Center operates entirely within the Collin County, Texas area. Therefore, financial activities are subject to the economic conditions of the area. For the year ended June 30, 2016, the Center received approximately 23% of its support and revenue from funds originating from federal, state and local government agencies. Continuation of such funding at current levels in future periods is subject to various factors such as economic conditions, compliance with grant provisions, potential new legislation and continued applicability of mission.

Cash and Cash Equivalents

The Center considers highly liquid investments with an initial maturity of three months or less when purchases to be cash equivalents.

Children's Advocacy Center of Collin County, Inc.

Notes to Financial Statements

Investments

The Center's investments consist of mutual funds, exchange traded funds and money market funds and are carried at fair value. Realized gains and losses are recorded as the difference between historical cost and fair value, and are shown on a net basis. Unrealized gains and losses are recorded for the change in fair value of investments between reporting periods.

Property and Equipment

The Center capitalizes property and equipment over \$1,000. Lesser amounts are expensed. Purchased property and equipment is capitalized at cost. Donations of property and equipment are recorded as contributions at their estimated fair value. Such donations are reported as unrestricted contributions unless the donor has restricted the donated asset to a specific purpose. Property and equipment are depreciated using the straight-line method over estimated useful lives of the assets, which range from 3 to 40 years.

Revenue Recognition

Contributions are generally recorded on receipt, unless evidence of an unconditional promise to give has been received. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of the amounts expected to be collected. All contributions are considered available for unrestricted use unless specifically restricted by the donor.

Government grant revenue is recognized as contract terms are fulfilled. Cost reimbursement contracts are recognized as revenue when the allowable costs are incurred. Fees for contract services are recognized as revenue when the contracted services are performed.

Donated Services and Materials

Donated goods are reflected as contributions at their estimated fair values at date of receipt. Contributions of services are recorded at estimated fair value if the services received create or enhance nonfinancial assets or require specialized skills and would typically need to be purchased if not provided by donation. For the year ended June 30, 2016, contributed professional services and materials in the amount of \$330,381 and \$248,807, respectively, have been recognized as in-kind contributions and program expense in the statement of activities. For the year ended June 30, 2015, contributed professional services and materials in the amount of \$343,858 and \$245,886, respectively, have been recognized as in-kind contributions and program expense in the statement of activities.

Children's Advocacy Center of Collin County, Inc.

Notes to Financial Statements

Grants and Contracts

The Center receives grants and contracts from federal, state and local agencies, as well as private organizations, to be used for specific programs. For government grants and contracts, the excess of reimbursable expenditures over cash receipts is included in grants receivable.

The Center's costs incurred under its government grants and contracts are subject to audit by government agencies. Management believes that the disallowance of costs, if any, would not be material to the financial position or changes in net assets of the Center.

Functional Allocation of Expenses

The costs of providing the various programs and activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefitted.

Income Taxes

The Center is exempt from federal income taxes under section 501(c)(3) of the Internal Revenue Code (IRC) and has not been classified as a private foundation as defined in the IRC. Income generated from activities unrelated to the Center's exempt purpose is subject to tax under IRC Section 511. The Center had no unrelated business income for the years ended June 30, 2016 and 2015. Accordingly, no provision has been made for federal income tax in the accompanying financial statements.

GAAP requires the evaluation of tax positions taken in the course of preparing the Center's tax return and recognition of a tax liability (or asset) if the Center has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Center and has concluded that as of June 30, 2016 and 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Estimates and Assumptions

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimated.

Reclassifications

Certain reclassifications have been made to the 2015 financial statements to conform to the 2016 financial statement presentation.

Fair Value Measurements

Under the Fair Value Measurements and Disclosures topic of the Accounting Standards Codification (ASC), disclosures are required about how fair value is determined for assets and liabilities and a hierarchy for which these assets and liabilities must be grouped is established, based on significant levels of inputs as follows:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies;

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates or assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Mutual Funds and Exchange Traded Funds

These investments are public investment vehicles using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Money Market Funds

These investments are valued using \$1 for the NAV and are classified as level 1 of the valuation hierarchy.

Children's Advocacy Center of Collin County, Inc.

Notes to Financial Statements

The following table sets forth the Center's investments at estimated fair value as of June 30:

	<u>2016</u>	<u>2015</u>
Mutual funds	\$ 10,250	\$ -
Exchange traded funds	416,527	392,796
