Children's Advocacy Center of Collin County 2017 Holiday Project ensures that vulnerable children served by CACCC have a happy holiday. You can help fulfill a holiday wish for a child victimized by abuse this year!

About the Center:

Children's Advocacy Center of Collin County is a nonprofit organization that provides safety, healing, and justice to children victimized by abuse or neglect in Collin County. Since 1992, the Center has offered free services to more than 60,000 abused and neglected children. With your help, we can give these children the happy holiday they deserve!
